Address: 13 Ștrand, 727090, Rădășeni, Romania (Home)

WORK EXPERIENCE

01/07/2019 – 21/07/2019 Suceava, Romania
THE PRACTICE PERIOD OF THE 2ND YEAR "STEFAN CEL MARE" UNIVERSITY OF SUCEAVA

I made a teaching material about Docker technology.

01/08/2019 – 21/08/2019 Suceava, Romania
THE PRACTICE PERIOD OF THE 3RD YEAR MICS SOFTWARE SRL

I made two web pages using WordPress.

01/10/2018 – 12/07/2022 Suceava, Romania
APPLICATIONS MADE DURING THE YEARS OF STUDY "STEFAN CEL MARE" UNIVERSITY OF SUCEAVA

1. The programming of an internal cooling system (made in Keil);
2. Application for a car dealership (made in C#);
3. Application for selling movies (made in C#, with an Oracle database);
4. A 2D, open world game (made in Unity);
5. Portfolio web application (made in JavaScript);
6. Web platform for local public transport (made using the MERN STACK). This application is also my bachelor's thesis work: https://licenta-onofrei-constantin.netlify.app;

02/08/2022 – CURRENT Suceava, Romania
FRONT END DEVELOPER RAISISSOFTWARE

1. As Front End Developer I work on different CRM and Saas applications, using React and Next.js technologies;
    • In my second career project, I was responsible for implementing various sections of the application, including timeline activities with infinite scroll functionality, paginated tables for data display, and many others. Additionally, I handled filtering, search features, and role-based separation of the application.
    • In my first project on Next.js technology, I served as the lead frontend developer and handled various tasks, ranging from defining project requirements and implementation strategies to achieving pixel-perfect responsiveness. Additionally, I successfully implemented filtering and search functionalities, as well as added several new sections to the website.
    • In the current project I am working on, I am serving as the lead frontend developer, and recently I have created a pagination component capable of displaying data in various formats, including default, filtered, or search request results. Additionally, I am responsible for handling challenging tasks, such as generating a PDF that divides an extracted image from an HTML element across multiple pages, utilizing web workers for optimization. Furthermore, I am tasked with ensuring platform responsiveness. Other notable achievements include developing a cash flow and profit and loss (P&L) table component, creating an input that displays numbers with correct delimiters based on the platform's language, and more.
    • In all these projects, I have implemented numerous custom hooks, debounced requests, controller-based requests, form validation using Formik and Yup. I have worked on entire sections ranging from user-related functionalities to those for clients and tasks. I have

interacted with permission hooks and user authentication verification. I have resolved a multitude of bugs and improved improperly written code.

2. Organization, coding, testing, maintenance of computer programs, applications and operating systems;
3. Provide team support for team projects;
4. Producing and updating documentation for activities carried out within team projects;
5. Ensuring the accuracy of data in the database;
6. Carrying out administrative activities for the smooth running of the department they are part of;

12/07/2022 – CURRENT Suceava, Romania
APPLICATIONS MADE IN MY SPARE TIME: PERSONAL

1. Web page that serves as a personal portfolio: https://portfolio-oc.netlify.app;
2. I worked on other small projects made with React, Next.js, JavaScript, Express, MongoDB, CSS and others, which are a synthesized representation of the accumulated knowledge;

EDUCATION AND TRAINING

01/10/2018 – 12/07/2022 Suceava, Romania
DEGREE IN COMPUTER SCIENCE AND INFORMATION TECHNOLOGY "Stefan cel Mare" University of Suceava

Address 13 Universității, 720229, Suceava, Romania ⎪ **Website** https://usv.ro/

01/08/2014 – 30/06/2018 Fălticeni, Romania
BACCALAUREATE DIPLOMA Technical College "Mihai Băcescu", Fălticeni

Address Nicolae Beldiceanu, 725200, Fălticeni, Romania

LANGUAGE SKILLS

Mother tongue(s):   **ROMANIAN**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B1	B2	B2	B2	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DIGITAL SKILLS

React ⎪ JavaScript ⎪ CSS ⎪ SCSS ⎪ MUI ⎪ Tailwind ⎪ HTML ⎪ GIT ⎪ NODE ⎪ Express.js ⎪ Next.js ⎪ MongoDB ⎪ C# ⎪ Java ⎪ Docker ⎪ iSQL+ ⎪ Wordpress ⎪ Storybook

ADDITIONAL INFORMATION

DRIVING LICENCE

Driving Licence: AM

Driving Licence: B1

Driving Licence: B

HOBBIES AND INTERESTS

Coding I like to discover new things in my spare time about the technologies I work with and learn new ones.

Solving puzzles

Travelling

Fitness

Reading

COMMUNICATION AND INTERPERSONAL SKILLS

Adaptability and flexibility Earned from events that end with a presentation. Initially, these presentations were supposed to be allocated a much longer duration of time, only to eventually be shorter. Some events may be the presentation of the bachelor's thesis, presentations on different projects or presentations within the company.

Oral and written communication skills Acquired through numerous written and oral presentations within the company and faculty projects.

Ability to work in a team Both the projects carried out in the workplace and the projects organised in the faculty have considerably improved my teamwork skills.

Positive attitude
